

CPD Submission Feedback

Date: 10/01/19

Auditor : Aaron Huckle

CPD Submission feedback for Iain Threlkeld for the 2018 CPD audit.

Standard 1	Description	A registrant must maintain a continuous, up-to-date and accurate record of their CPD activities.	Standard Met
	Auditor Comments	This record demonstrates well an up-to-date and continuous record of CPD activities. Several items recorded per month which demonstrates good recording and shows the expected amount of learning activity per month.	

Standard 2	Description	A registrant must demonstrate that their CPD activities are a mixture of learning activities.	Standard Met
	Auditor Comments	Your record of CPD activities is a good mixture of category types. A wide range of activities recorded from four of the five activity types. Good examples of "other" learning activities such as your trustee role at the local running club.	

Standard 3	Description	A registrant must seek to ensure that their CPD has contributed to the quality of their practice and service delivery.	Standard Met
	Auditor Comments	<p>You have clearly recorded the benefit to you, your practice and your service delivery in your CPD summary. A good range of reflection to the benefits of each activity to yourself, especially the Mindray visit which had several learning outcomes. It is good to see clear reflections on what you have learnt, and not just a description of the activity.</p> <p>Sometimes a little brief on the reflections – e.g. IPEM PSC meeting on 15/2/18 – but the majority of activities have been adequately reflected upon, which is sufficient for audit.</p> <p>Having specific learning objectives from each activity is a good way to demonstrate the CPD activity has been beneficial, rather than the more generic statements e.g. the PSC meeting on 15/2/18 – were there any new changes you learnt?</p>	

Standard 4	Description	A registrant must seek to ensure that their CPD benefits the service user.	Standard Met
	Auditor Comments	You have clearly recorded the benefit to the service user in your CPD summary. Very well written and concise overall. The benefits to the service user for the Trust Meeting (17/7/18) are not clear and reflects more of the benefit to yourself rather than the surface user.	

Standard 5	Description	Upon request, present a written profile (which must be their own work and supported by evidence) explaining how they have met the standards for CPD.	Standard Met
	Auditor Comments	You have submitted a written CPD profile upon request. There are obvious references to supporting evidence of work if these were to be requested.	

General Comments

This is a really good CPD submission with a high level of activity and engagement with CPD, which is expected and consistent with your area of experience. Some very concise and clear reflections to yourself and the service user, which makes this CPD portfolio stand out. It is clear you have made time during the year to engage with CPD and bring that back into your own practice, to develop and encourage colleagues and team members at your Trust.
